Wyoming Range War - John W. Davis 2010
John W. Davis retells the story of the West's most notorious range war. Having delved more deeply than previous writers into land and census records, newspapers, and trial transcripts, Davis has produced an all-new interpretation. He looks at the conflict from the perspective of Johnson County residents and finds that, contrary to the received explanation, these people were not thieves and rustlers but legitimate citizens. Wyoming Range War tells a compelling story that redraws the lines between heroes and villains.

Never Caught Twice - Matthew S. Luckett 2020-11
2021 Nebraska Book Award Never Caught Twice presents the untold
history of horse raiding and stealing on the Great Plains of western Nebraska. By investigating horse stealing by and from four Plains groups—American Indians, the U.S. Army, ranchers and cowboys, and farmers—Matthew S. Luckett clarifies a widely misunderstood crime in Western mythology and shows that horse stealing transformed plains culture and settlement in fundamental and surprising ways. From Lakota and Cheyenne horse raids to rustling gangs in the Sandhills, horse theft was widespread and devastating across the region. The horse’s critical importance in both Native and white societies meant that horse stealing destabilized communities and jeopardized the peace throughout the plains, instigating massacres and murders and causing people to act furiously in defense of their most expensive, most important, and most beloved property. But as it became increasingly clear that no one legal or military institution could fully control it, would-be victims desperately sought a solution that would spare their farms and families from the calamitous loss of a horse. For some, that solution was violence. Never Caught Twice shows how the story of horse stealing across western Nebraska and the Great Plains was in many ways the story of the old West itself.

contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems. Thus, this five-volume work surveys the history and philosophy of crime, punishment, and criminal justice institutions in America from colonial times to the present. It covers the whole of the criminal justice system, from crimes, law enforcement and policing, to courts, corrections and human services. Among other things, this encyclopedia explicates philosophical foundations underpinning our system of justice; charts changing patterns in criminal activity and subsequent effects on legal responses; identifies major periods in the development of our system of criminal justice; and explores in the first four volumes — supplemented by a fifth volume containing annotated primary documents — evolving debates and conflicts on how best to address issues of crime and punishment. Its signed entries in the first four volumes—supplemented by a fifth volume containing annotated primary documents—provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U.S. system of law and justice.

**Hard Bargains** - Mona Lynch 2016-11-01

The convergence of tough-on-crime politics, stiffer sentencing laws, and jurisdictional expansion in the 1970s and 1980s increased the powers of federal prosecutors in unprecedented ways. In Hard Bargains, social psychologist Mona Lynch investigates the increased power of these prosecutors in our age of mass incarceration. Lynch documents how prosecutors use punitive federal drug laws to coerce guilty pleas and obtain long prison sentences for defendants—particularly those who are African American—and exposes deep injustices in the federal courts. As a result of the War on Drugs, the number of drug cases prosecuted each year in federal courts has increased fivefold since 1980. Lynch goes behind the scenes in three federal court districts and finds that federal prosecutors have considerable discretion in adjudicating these cases. Federal drug laws are wielded differently in each district, but with such force to overwhelm defendants’ ability to assert their rights. For drug defendants with prior convictions, the stakes are even higher since prosecutors can file charges that incur lengthy prison sentences—including life in prison without parole. Through extensive field research, Lynch finds that prosecutors frequently use the threat of extremely severe sentences to compel defendants to plead guilty rather than go to trial and risk much harsher punishment. Lynch also shows that the highly discretionary ways in which federal prosecutors work with law enforcement have led to significant racial disparities in federal courts. For instance, most federal charges for crack cocaine offenses are brought against African Americans even though whites are more likely to use crack. In addition, Latinos are increasingly entering the federal system as a result of aggressive immigration crackdowns that also target illicit drugs. Hard Bargains provides an incisive and revealing look at how legal reforms over the last five decades have shifted excessive authority to federal prosecutors, resulting in the erosion of defendants’ rights and extreme sentences for those convicted. Lynch proposes a broad overhaul of the federal criminal justice system to restore the balance of power and retreat from the punitive indulgences of the War on Drugs.

**The Man Who Never Returned** - Peter Quinn 2011-05-03

“A dazzling story by a fine writer. Fintan Dunne is a memorable hero who you want to meet again and again” (James Patterson). Judge Joe Crater’s disappearance in 1930 spawned countless conspiracy theories and captured the imagination of a nation caught in the grip of The Depression. Twenty-five years later, Fintan Dunne, the detective encountered in Quinn’s novel Hour of the Cat, recently retired and bored, answers a summons to New York where he is asked to solve the old case for a newspaper magnate only interested in making a profit from the story. Peter Quinn once again has written a compelling blend of history and fiction that is simply unputdownable. “In The Man Who Never Returned, Peter Quinn shapes a tantalizing tale around the enduring mystery of Judge Joseph Force Crater, whose disappearance remains a major mystery . . . This is noir fiction at its finest.” —William Kennedy, Pulitzer Prize–winning author of Ironweed “A masterful and evocative tale, set in a beautifully rendered 1950s New York, it combines true crime with vivid imagining. This is that rare book: A first-rate thriller that seamlessly weaves together page-turning narrative with richly detailed characters whose motivations—complex, suspect, hidden—always ring true.” —Thomas Kelly, author of A Testament of Devotion “Peter Quinn brings wit, panache and a deep knowledge of the Big Apple to his latest Fintan Dunne novel . . . A taut thriller.” —T. J. English, New York Times–bestselling author of Whitey’s Payback “An utterly compelling story . . . Gripping from the first page to the last, Peter Quinn creates a unique and utterly believable world, part history, part fiction.” —Gabriel Byrne, Golden Globe Award–winning actor

**W. E. B. Du Bois and The Souls of Black Folk** - Stephanie J. Shaw 2013-09-02

In this book, Stephanie J. Shaw brings a new understanding to one of the great documents of American and black history. While most scholarly discussions of The Souls of Black Folk focus on the veils, the color line, double consciousness, or Booker T. Washington, Shaw reads Du Bois’ book as a profoundly nuanced interpretation of the souls of black Americans at the turn of the twentieth century. Demonstrating the importance of the work as a sociohistorical study of black life in America through the turn of the twentieth century and offering new ways of thinking about many of the topics introduced in Souls, Shaw charts Du Bois’ successful appropriation of Hegelian idealism in order to add America, the nineteenth century, and black people to the historical narrative in Hegel’s philosophy of history. Shaw adopts Du Bois’ point of view to delve into the social, cultural, political, and intellectual milieus that helped to create The Souls of Black Folk.

**Public Waters** - Anne MacKinnon 2021-05-01

Wyoming’s colorful story of water management illuminates the powerful forces that impact water use in the rural American West. The state’s rich history of managing this valuable natural resource provides insights and lessons for the twenty-first-century American West as it faces drought and climate change. Public Waters shows how, as popular hopes and dreams meet tough terrain, a central idea that has historically structured water management can guide water policy for Western states today. Drawing on forty years as a journalist with training in water law and economics, Anne MacKinnon paints a lively picture of the arcane twists in the notable record of water law in Wyoming. She maintains that other Western states should examine how local people control water and that states must draw on historical understandings of water as a public...

Invitation to an Execution - Gordon Morris Bakken 2010-11-16
Until the early twentieth century, printed invitations to executions issued by lawmen were a vital part of the ritual of death concluding a criminal proceeding in the United States. In this study, Gordon Morris Bakken invites readers to an understanding of the death penalty in America with a collection of essays that trace the history and politics of this highly charged moral, legal, and cultural issue. Bakken has solicited essays from historians, political scientists, and lawyers to ensure a broad treatment of the evolution of American cultural attitudes about crime and capital punishment. Part one of this extensive analysis focuses on politics, legal history, multicultural issues, and the international aspects of the death penalty. Part two offers a regional analysis with essays that put death penalty issues into a geographic and cultural context. Part three focuses on specific states with emphasis on the need to understand capital punishment in terms of state law development, particularly because states determine on whom the death penalty will be imposed. Part four examines the various means of death, from hanging to lethal injection, in state law case studies. And finally, part five focuses on the portrayal of capital punishment in popular culture.

The Trial of Tom Horn - John W. Davis 2016-03-31
For weeks in 1902 it commanded headlines. All of Wyoming and much of the West followed the trial of Tom Horn for the murder of a fourteen-year-old boy. John W. Davis’s book, the only full-length account of the trial, places it in perspective as part of a larger struggle for control of Wyoming’s grazing land. Davis also portrays an enigmatic defendant who, more than a century after his conviction and hanging, perplexes us still. Tom Horn was one of the most fascinating figures in the history of the West. Employed as a Pinkerton and then as a range detective, he had a reputation as a loner and a braggart with a brutal approach to law enforcement even before he was accused of murdering young Willie Nickell. Cattlemen saw Horn as protecting their way of life, but most people in Wyoming saw him as a hired assassin, an instrument of oppression by cattle barons willing to use violent intimidation to protect their assets. The story began on July 18, 1901, when Willie Nickell was shot by a gunman lying in ambush; the killer was apparently after Willie’s father, who had brought sheep into the area. Six months later Tom Horn was arrested. The trial pitted the Laramie County district attorney against a crack team of defense lawyers hired by big cattlemen. Against all predictions, the jury found Horn guilty of first-degree murder. Despite appeals that went all the way to the state supreme court and the governor, Horn was hanged in Cheyenne in 1903. The trial and
conviction of Tom Horn marked a major milestone in the hard-fought battle against vigilantism in Wyoming. Davis, himself a trial lawyer, has mined court documents and newspaper articles to dissect the trial strategies of the participating attorneys. His detailed account illuminates a larger narrative of conflict between the power of wealth and the forces of law and order in the West.
